The Committee then proceeded to thoroughly examine and revise the Budget draft and found that while the estimated income amounts to Rs. 1,39,755, the estimated expenditure amounts to Rs. 1,47,246, thus shewing a deficiency of Rs. 8,000. To meet this deficiency they would suggest the introduction of a light animal and wheel tax and a toll payable on all carriages and animals entering the Town and Cantonment, together with a registration fee on all carts and other vehicles without springs. They propose that Schedule A of Appendix of Municipal Regulations be reduced to ⅓rd of the rate therein stated and Schedule B be reduced to ½ and that the registration fee for carts or other vehicles without springs be fixed at 8 annas each half-yearly. The Committee would also suggest that as a large portion of the roads within Municipal limits are maintained by and are entirely under the control of the Military authorities, that the lighting of these roads should in like manner be maintained by the Military authorities, the reasonableness of this proposal will at once, they are satisfied, recommend it to the approval of the Commissioners.

Tenders for Lighting Contract.

12. Read tenders for lighting the Cantonment of Bangalore for one year, *viz.*, from 1st January to 31st December 1881.

Resolution.—The Commissioners having accepted the suggestions of the Committee on Lights that a better and cheaper mode of street lighting could probably be introduced at no distant date, and being unanimously of opinion that the interests of the public would be best secured by continuing the lighting contract to the former contractors for another year at a somewhat reduced rate, regret extremely to find that Government should not only have disapproved of their resolution to the above effect but should at the same time have thought it necessary to pass so severe and painful a censure on their proceedings as that contained in the Proceedings of the Chief Commissioner and order thereon No. 4770—Ml. 278, dated 18th November 1880. The resolution of the Commissioners had only been arrived at after having given the matter the very fullest consideration and they considered then and would respectfully add that they are still of opinion that they had disposed of the matter in a manner the most advantageous both to the public and to the Municipality; but as they feel that it would be unbecoming on their part to press their views further on the attention of the Chief Commissioner, they resolve that an abstract of all the tenders now received, together with the originals, be submitted to the Chief Commissioner for such orders as he may be pleased to direct.

At the suggestion of Captain McLeod it was further resolved that the petition received from Nanjappa & Brothers should also be submitted to the Chief Commissioner and that Mr. Gordon's attention be invited to the clause wherein the petitioners agree to paint the lamp-posts, as also to provide such lanterns as may be required during the term of their contract free of cost, both which conditions are extra to and not embodied in any of the other tenders.
